Always practice the exercises slowly and steadily at first. After you can play them well at a slower tempo, gradually increase the speed. If some of your notes are fuzzy or unclear, move your left-hand finger slightly until you get a clear sound.

MOVING FROM STRING TO STRING

You have learned six notes now, three on the first string and three on the second string. In the following exercises you will be moving from string to string. As you are playing one note, look ahead to the next and get your fingers in position.
